

This term is obsolete for purposes of the Maryland Vehicle Law and is used in but one section of present Art. 66 1/2: §3-831. Even in that section, it is unnecessary in light of the definition of "security agreement" (see §11-156 of this subtitle), which, in the revision of present §3-831, has been substituted for "lien contract" (see, §13-810(b) (2) of this article).

(11) Art. 66 1/2, §1-143 ("Limited Access Highway"). The term is deleted in favor of the identically defined "controlled access highway" (see, §21-101 of this article), which is the more modern usage and has been used consistently in the Maryland Vehicle Law.

(12) Art. 66 1/2, §1-148.1 ("Motor Home"). The term is not found anywhere in present Art. 66 1/2 and has not been used in its revision. The definition was first introduced by House Bill 574 of the 1973 Regular Session of the General Assembly; however, that bill was amended before enactment (Ch. 553, Acts of 1973) to delete all references to the term, thereby rendering the retained definition superfluous.

(13) Art. 66 1/2, §1-160 ("Person"). The definition is deleted in favor of the standard definition of "person" in §1-101 of this article.

(14) Art. 66 1/2, §1-161 ("Pneumatic Tire"). The term is obsolete for purposes of the Maryland Vehicle Law and no longer is used in it.

(15) Art. 66 1/2, §1-169 ("Registered"). This definition is deleted as unnecessary in light of the general provisions of Art. 1, §20 of the Code to the same effect.

(16) Art. 66 1/2, §1-176 ("Road Tractor"). The term is not found anywhere in present Art. 66 1/2, and has not been used in its revision.

(17) Art. 66 1/2, §1-194 ("Streetcar"). This term is obsolete for purposes of the Maryland Vehicle Law and no longer is used in it.

(18) Art. 66 1/2, §1-205.1 ("Truck Camper"). The term is not found anywhere in present Art. 66 1/2 and has not been used in its revision. The definition was first introduced by House Bill 574 of the 1973 Regular Session of the General Assembly; however, that bill was amended before enactment (Ch. 553, Acts of 1973) to delete all references to the term, thereby rendering the retained definition superfluous.

TRANSFERS: The following definitions are of limited applicability and, therefore, have been transferred elsewhere in the Maryland Vehicle Law as indicated:
